

Doda Quashie-Javellana

Brooklyn, NY – Cell #: 929-630-4653

kjavellana87@gmail.com | linkedin.com/in/kate-quashie | gitlab.com/MomoCeres

Technical Skills

Programming: Python 3, JavaScript ES6+, SQL, HTML5, CSS

System Design: Monoliths, Microservices, Domain-driven design, Message passing, Event sourcing, Restful APIs

Back-End: Django 4, Docker, MongoDB, RabbitMQ, FastAPI, PostgreSQL

Front-End: DOM manipulation, Websockets, React

Application Development Experience

FriendsFurReal | *Full-Stack Developer* | <https://gitlab.com/MomoCeres/friends-fur-real> 2022

- Generated a reusable REST API framework to consume data from and push data into MongoDB.
- Built a filterable results component list to improve the user experience.
- Created responsive single-page application front-end design utilizing Material UI.
- Adapted agile programming methods utilizing Git for a collaborative and smooth development.

CarCar | *Full-Stack Developer* | gitlab.com/MomoCeres/CarCar 2022

- Implemented RESTful microservices to balance server load with Dockerized containers.
- Constructed multiple React components and managed state while manipulating data from API calls.
- Developed models using OOD (Object Oriented Design) for each microservice, for increased efficiency and reusability.

Conference Management | *Full-Stack Developer* | gitlab.com/MomoCeres/Conference-Management 2022

- Implemented a SPA (Single Page Application) for a conference management application utilizing multiple microservices for scalability and maintainability.
- Constructed a Weather Forecast for a conference location by utilizing third-party APIs, for user's convenience.
- Utilized RabbitMQ to process automated notifications for Conference approval or rejection emails.

Professional Experience

Opentrons | *Administrative Assistant* 2021 - 2022

- Cooperated with other administrative staff to coordinate Events ensuring a smooth and successful gathering.
- Assisted senior leaders with undertaking ad-hoc projects and monitoring day-to-day incoming communications and requests.
- Managed and coordinated multiple extremely active calendars concurrently and ensured schedules were followed and respected.

Fross Zelnick Lehrman & Zissu, P.C. | *Administrative Assistant* 2019 - 2020

- Created and updated Excel spreadsheets for data management and analysis including employee retention data.
- Assisted HR Manager, Benefits Manager, and Executive Director with various projects as needed.
- On-boarded new employees; including assisting with orientation, serving as a point of contact, and supporting payroll by enrolling and managing employee time/hours in ADP.

Education

Hack Reactor, Software Engineering Immersive Certificate 2022

TeamTreeHouse, Beginning Python Course 2021

LaGuardia Community College, Nursing Major 2015 - 2016
